UV resistant polycarbonate lens

Up to 2 x 50W halogen or LED lamps

IP66 / Wet location

Vandal resistant design

Fully enclosed lamp heads eliminate any unwanted tampering or re-positioning

Sanitation listed for use in food preparation environments

## EXTERNAL SPECIFICATIONS

The **FORTEZZA™** remote is constructed from a polycarbonate material. The vandal resistant clear polycarbonate lens provides protection to the lamps. Tamper proof screws are standard. The **FORTEZZA™** remote mounting plate comes standard in white although colour options are available upon request.

## VANDAL RESISTANT DESIGN

The ultra heavy duty design and construction of the **FORTEZZA™** warns potential vandals that this is no regular remote. The lamps are protected by an impact resistant polycarbonate lens that is fastened with four tamper proof screws. The **FORTEZZA™** remote offers a contemporary look and durability like no other.

## MECHANICAL SPECIFICATIONS

The **FORTEZZA™** remote is constructed of powder coated steel mounting plate with an impact resistant polycarbonate protective lens. The **FORTEZZA™** mounting plate is standard in an attractive powder coated white finish. Other colors are available, including custom color matching.

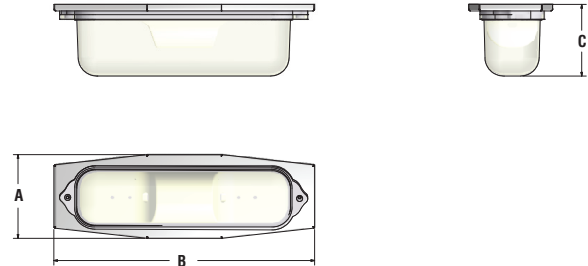

## INSTALLATION

The **FORTEZZA™** series remote is supplied with a universal mounting plate for surface ceiling or wall mount applications. Suitable for indoor, outdoor, damp or wet location applications with IP66 ingress protection.

## ELECTRICAL SPECIFICATIONS

The **FORTEZZA™** series is available with high output LED or MR16 lamps.
