

Pass and Seymour
4-Scene Pocket Remote Control with Netatmo, Black
Part No. 067695

Smart Lighting lets you set the exact lighting you need, from anywhere, adding safety and convenience to your home. And delivering it all with unprecedented range and reliability, **adorne®** and **radiant®** with Netatmo leverage leading Netatmo technology to provide an ideal solution for larger homes with many smart products. Start with the Smart Gateway to establish a robust and dedicated mesh network, then add smart switches, dimmers and outlets to build a solution that perfectly fits a home's unique space and needs. Create and edit lighting scenes in the app (total 8 per system, including Home/Away and Wake/Sleep). Then, use this Pocket Remote Control to control four lighting scenes with a single touch. Add to a key ring or stash in the car's console for one-touch control on the go. Made exclusively for use with the **adorne®** and **radiant®** with Netatmo Smart Lighting solutions.

Features & Benefits

Smart Gateway REQUIRED

Offers long-lasting, battery-powered one-touch scene control on the go. Add to a key ring for easy access as you leave/return, or use around the home for setting the atmosphere even when your phone is out of reach

Must be used in conjunction with installed Smart Switches, Dimmers and/or Outlets with Netatmo

Features ultra-reliable performance through a robust and dedicated mesh-network

Enjoy one-touch control of four lighting scenes (not including Home/Away and Wake/Sleep). Easily create and manage scenes from your smartphone or tablet using the Legrand Home + Control app

Part of the **adorne** and **radiant** with Netatmo solutions, which flexibly fit a home's unique needs with a variety of supported smart switches, dimmers and outlets (including wireless switches and dimmers)

Compatible with other smart products through Amazon Alexa, Google Assistant and Apple HomeKit, as well as with home automation systems

Specifications
